

Tournament of the Minds.

On the weekend, we had the Tournament Of the Minds challenge. Our group was called the Fearless Phoenixes and the members were: Sanduni W, Shasheni, Sanduni T, Naveena, Dinushi, Sharon & Chamali. The challenge was to get a ball no bigger than 6 cm over 2 A4 boxes without us touching the ball or doing anything to it. We were all so nervous and scared but when we started our performance we all felt better. We recommend T.O.M. to everyone else. It was a great experience for us and we are all looking forward to doing it again.

Last Sunday our Tournament of Minds group, The Atrocious Terminators, went to La Trobe University. First we had our spontaneous challenge. We had to figure out what B.L.E.N.D. might stand for on a business card. The judges said we were crazy (in a good way) with our answer. The judges like thinking like that. Next we had the Maths Engineering challenge that we have been doing for 6 weeks. It was called Get The Message. We had to get a ball over 2 obstacles. We had true T.O.M. spirit with only 5 members in our team (you are meant to have 7). Next year we will try to do T.O.M. again. This year's tournament was a real competition. We had lots of fun.
